*Christmas*  
**BINGO**  
**RIDDLES**

He is afraid of the sun.	It stands under the Christmas tree.	It shines brightly in the sky.	It is sent by a messenger	You have to crack them
Edible building	It carries festive ornaments	Sometimes are they are joined by something to be played with.	Wrapped ideas	You can find it in a traditional Christmas nativity scene.
They smell like Christmas and come from the oven.	They brought first the good message.	Beautifies the Christmas tree	If you don't know what it is.	It is often pinned at the fireplace
He has a fat, old boss and makes toys.	Rings not just in a church	Trickles in the cold	Rides on snow	Who owns us has no need for a car with an engine.
When you turn it there is a snow-flurry	What burns every Sunday in December?	It decorates the door	You don't know Santa without it	He lives at the North Pole
